

Title: Maintenance Technician
Location: Tooele, Utah
Department: Maintenance
Employment Type: Full-Time, permanent
Reporting To: Maintenance Supervisor

Skretting is the world leader in the manufacturing and supply of aquaculture feeds, making it an essential link in the feed-to-food chain. We apply our knowledge of ingredients and the nutritional needs of fish and shrimp to develop innovations that achieve optimum nutritional value, sustainable production and economic performance as we seek to fulfill our company-wide mission of 'Feeding the Future'.

Currently, we are looking to fill an opening for a Maintenance Technician at our Tooele, Utah location. Reporting to the Maintenance Supervisor, this position is responsible to ensure that fabrication and repairs are made as needed. The successful applicant will be both organized and safe minded in order to fully utilize their skills of troubleshooting and repair. Additionally, in this automated manufacturing environment it is important to have a strong mechanical aptitude.

Main Responsibilities and Tasks:

- Check and maintain all fire prevention equipment at prescribed intervals.
- Carry out and document all levels of preventative maintenance throughout all areas of the plant.
- Complete fabrication and repairs as needed.
- Check and maintain plant air compressor & boiler operations daily.
- Troubleshoot and repair fundamental electrical problems (change fuses, reset overloads, disconnect and reconnect electric motors).
- Be proactive in identifying and advising on potential maintenance problems.
- Commit to keeping the plant in good general repair.
- Clean up the entire work areas in preparation for hand-off to next shift.
- Assist in the maintenance of a safe and healthy work environment.
- Know emergency evacuation procedures.
- Know and follow all lockout procedures, confined space entry procedures, hot work permit procedures, emergency procedures and start up and shut down procedures.
- Prevent unsafe contamination of feed through execution of applicable procedures.
- Agree to attend all necessary training in order to keep current with job demands.
- Other duties as assigned by the Supervisor.

Qualifications:

- Minimum of 2 years' experience in a manufacturing environment.
- Grade 12 diploma.
- Completion of Millwright apprenticeship.
- Ability to operate under pressure with constantly changing priorities and deadlines.
- Ability to communicate and deal with various stakeholders with tact and diplomacy.
- Adaptable to a flexible work style and willingly assist other functions where needed.
- Ability to work shifts.

As a member of the Skretting Team, you can expect:

- A diverse and inclusive culture
- Competitive compensation
- A comprehensive benefits package
- Participation in our annual bonus program
- Career and personal development opportunities
- Annual employee events
- An organization that supports the local community
